

## 44<sup>th</sup> Annual CMA Conference

September 9 – 13, 2012

The four-day conference will enable you to meet with leaders, managers, chemists, exhibitors and key players from the private sector, as well as suppliers of equipment and chemicals. The Canadian Mineral Analysts offer you the opportunity to attend various workshops and technical sessions and meet work providers in the mineral and research laboratory sectors. For all actors relating to the Canadian Mining Industry, it is a unique opportunity to discover the latest technology and services employed in their respective fields and to improve the quality and quantity of their analyses. Ultimately, the goal of this gathering is to create business opportunities.
