

CMA Conference 2008
40th Annual Conference and Exhibit
September 15-18, 2008
Bathurst, New Brunswick, Canada

Sponsorship Opportunities

The CMA Conference is held each year in a continuing effort to facilitate networking and development of relationships between chemists, assayers, and staff in analytical laboratories as well as suppliers of equipment and chemicals. The membership in the organisation includes commercial laboratories from the private sector, the mining and manufacturing industries. The conference enables the suppliers and analysts and laboratory managers to share and communicate efforts in their respective testing fields to improve the quality and quantity of the analyses they employ.

In a continued effort to maximise the number of participants, members and attendees at the conference the CMA has set up an affordable fee structure for the 2008 conference and workshops. The organisation encourages and counts on support from both industry and suppliers. Additionally the CMA funds Scholarships across Canada for students participating, enrolling in analytical fields as supports the mining, metals manufacturing, and environmental testing associated with those industries.

Should you or your company wish to become a sponsor the CMA will partner with your company, and its logo and name will appear in all communications planned for the upcoming event in Bathurst in September of 2008. The sponsorship program is broken into categories as follows:

- Platinum Membership-\$2000.00
- Gold Membership-\$1000.00
- Silver Membership-\$500.00
- Bronze Membership- \$250.00

As the conference is currently in the planning stage we hope that we can count on your organisation to offer, or continue to offer your generous support for the CMA conference. Information can be found at the CMA website, www.canadianmineralanalysts.com or you may contact me directly at aube@xstratazinc.ca or by telephone at (506)-522-7207
